

TETELO KARABO KEONTSE

DATA CENTRE SPECIALIST | UPTIME & COMPLIANCE FOCUSED

📞 74602164 / 75861674 ✉ karabokeyntse@gmail.com 📍 PO Box 388, Shashe 👤 Next of Kin: 72309607 / 71690009

PROFESSIONAL SUMMARY

Highly organized IT professional with over 5 years of operational experience maintaining the integrity, performance, and uptime of mission-critical government infrastructure. Proficient in service delivery optimization, rigorous system auditing, and incident leadership. Expertise is directly mapped to the Data Centre Specialist role, focusing on server reliability, compliance enforcement, and hands-on experience in environments requiring high availability and robust virtualization knowledge.

QUALIFICATIONS & CORE CAPABILITIES

Virtualization & Uptime Principles

- ✔ 5+ years IT Operations Experience.
- ✔ VMware/Hyper-V/FusionSphere principles.
- ✔ System Backups & Disaster Recovery (DR).

Compliance & Service Delivery

- ✔ Compliance Enforcement (DC Best Practice).
- ✔ Proactive Service Improvement (ITIL).
- ✔ Configuration & Lifecycle Management.

PROFESSIONAL EXPERIENCE

Department of Health Management Team (DHMT)

Jul 2024 - Jul 2025

IT Systems & Data Integrity Officer

- Maintained environment to mission-critical standards: Managed data systems to ensure high integrity, reliability, and security for health data access.
- Conducted inspections and enforced compliance: Regularly audited data input and system logs to adhere to data centre best practice and governance.
- Acted as lead in incident resolution: Addressed and resolved issues affecting data access and application performance in a timely manner.

Ministry of Basic Education (Masunga Sub-Region)

Oct 2022 - Feb 2024

IT Officer - Network & Server Operations

- Delivered cloud infrastructure services: Supported centralized server and network systems, ensuring continuous availability of core services to 18 district offices.
- Provided technical support: Proactively identified and resolved network bottlenecks and server issues to improve the speed and quality of service delivery.
- Hands-on experience with virtualization: Managed servers requiring high availability, demonstrating operational principles aligned with server standards.

Masunga Senior Secondary School

Apr 2022 - Oct 2022

IT Officer - Infrastructure & System Administration

- Maintained Data Centre environment: Executed routine system maintenance and security updates to ensure the stability and reliability of the administration database.
- Managed System Backups: Implemented and verified daily backup protocols, critical for disaster recovery (DR) and meeting uptime requirements.
- Configuration Management: Managed the lifecycle of the ed-admin database, including patches and configuration changes, to mitigate vulnerabilities.

ABOUT ME

Highly organized Information Technology professional with over six years of operational experience maintaining the integrity, performance, and uptime of mission-critical government infrastructure. Specialized in aligning technical support with organizational governance, focusing on Enterprise Resource Planning system stability, data protection, and internal auditing. I bridge hardware requirements and executive-level compliance through proactive data analytics and risk-based problem solving.

CORE CAPABILITIES

- Enterprise Resource Planning Support
- Data Protection Act Compliance
- Data Analytics and Integrity
- Information Technology Audit
- Role-Based Access Control
- Disaster Recovery and Backup Planning

PROFESSIONAL EXPERIENCE

Department of Health Management Team

July 2024 – July 2025

Information Technology Systems and Data Integrity Officer

- GOVERNANCE** Led the maintenance of sensitive health records by enforcing strict data center best practices and Data Protection Act standards, ensuring 100% audit readiness.
- DATA ANALYTICS** Audited and reconciled high-volume data streams across clinical units to identify discrepancies, improving the accuracy of facilities management reports.

Ministry of Basic Education

October 2022 – February 2024

Information Technology Officer (Security and Access)

- SYSTEM SECURITY** Administered GABS, implementing Role-Based Access Controls to secure critical financial database servers and user information.
- NETWORKING** Configured VLAN segments using Cisco hardware to isolate administrative traffic, reducing internal security risks and enhancing network speed.

Office of The District Commissioner

April 2017 – April 2019

Information Technology Officer

- INFRASTRUCTURE** Managed hardware diagnostics and server maintenance for district-wide offices, ensuring continuous uptime for essential public service terminals.

TETELO KARABO KEONTSE

CORE NETWORK ENGINEER | SYSTEMS INTEGRATION & UPTIME SPECIALIST

74602164 / 75861674

karabokeyntse@gmail.com

PO Box 388, Shashe

PROFESSIONAL PROFILE

Proactive and highly skilled IT professional with 5+ years of experience in system maintenance, integration, and security—transferring core competencies to mobile network infrastructure. Demonstrated success in managing **high-availability server environments (GABS)**, performing fault isolation (L2/L3), and ensuring stringent security compliance (RBAC, Data Protection Act). Eager to apply proficiency in server lifecycle management, PowerShell scripting, and robust documentation (LLDs, HLDs readiness) to contribute directly to the stability, performance, and security of Orange Botswana's Core Network elements (MME, SGW, HSS, etc.).

RELEVANT PROFESSIONAL EXPERIENCE

Data Clerk | DHMT

Jul 2024 - Jul 2025

- Executed routine database validation using SQL queries to assure data quality and integrity, directly relevant to maintaining **HSS/HLR data consistency** in the mobile core.
- Provided L2/L3 technical support for network and database connectivity issues, ensuring **continuous availability** of mission-critical systems.
- Maintained strict Configuration Management (CM) protocols for end-user and server hardware assets.

IT Officer | Ministry of Basic Education

Oct 2022 - Feb 2024

- Managed **system integration and network inter-connectivity** across 18 remote district offices, resolving complex communication faults essential for end-to-end service delivery.
- Achieved **optimal system uptime** by performing proactive maintenance and patch management on the GABS server environment, minimizing downtime risk for core services.
- Developed and deployed **PowerShell automation scripts** for system monitoring and alert generation, enhancing fault response speed and efficiency.

IT Officer | Masunga Senior Secondary School

Apr 2022 - Oct 2022

- Administered the ed-admin database, focusing on **security maintenance** and access fault troubleshooting (equivalent to managing access control for core network elements).
- Implemented **Disaster Recovery (DR) protocols** via automated daily backups, ensuring business continuity and minimal data loss potential for network configurations.

CORE COMPETENCIES & QUALIFICATIONS

Network & Telecom Focus

- Mobile Core Concepts (MME, SGW, HSS familiarity)
- IP Networking & OSI Model (L2/L3 Troubleshooting)
- Network Security Implementation (RBAC, Compliance)
- High Availability & Performance Optimization

Systems & Automation

- Server Administration (Windows/Linux maintenance)
- Database Administration (MS SQL Server integrity)
- PowerShell Scripting for monitoring and alerts
- Configuration and Change Management (CM)

TECHNICAL SKILLS

- Digital Channel Management
- Database Administration
- Network Troubleshooting
- Payment System Support
- Hardware/Software Configuration
- User Access Control
- Microsoft 365 Suite
- Technical Documentation
- Cross-Department Coordination

EDUCATION

Botho University
BSc Honors Degree in Computing | 2016
Mater Spei College
BGCSE| 2008

WORK EXPERIENCE

DEPARTMENT OF HEALTH MANAGEMENT TEAM (DHMT)
GREATER FRANCISTOWN

TEMPORARY DATA CLERK | 06 JULY 2024 – 31 MARCH 2025

- **Critical Systems Administration**
 - Processed and validated high-volume data flows across multiple clinics using specialized database systems.
 - Maintain strict compliance with Botswana Data Protection Act standards for sensitive records.
- **Secure Data Integration**
 - Implemented standardized data collection protocols to ensure interoperability between clinic systems.
 - Coordinated cross-departmental data reconciliation between administrative and clinical teams.
- **Operational Support**
 - Generated facility maintenance reports that informed resource allocation decisions.
 - Developed Excel-based tools to streamline data verification processes.

MINISTRY OF BASIC EDUCATION (MASUNGA-SUB REGION)
IT OFFICER | OCTOBER 2022 – FEBRUARY 2024

- **Financial Systems Administration**
 - Administered Botswana's Government Accounting and Budgeting System (GABS), ensuring 24/7 availability for national education financial operations.
 - Designed and implemented role-based access controls for sensitive financial data across 18+ district offices.
- **Secure Network Architecture**
 - Configured and maintained Cisco-based network with VLAN segmentation for financial traffic isolation.
 - Established encrypted VPN tunnels for secure inter-office financial data transfers.
- **Process Automation**
 - Developed PowerShell scripts to automate user provisioning between Active Directory and platforms.
 - Created technical documentation including system workflows and operational protocols.

MASUNGA SENIOR SECONDARY SCHOOL
IT OFFICER | APRIL 2022 – OCTOBER 2022

- **Enterprise User Management**
 - Administered the ed-admin database system for 400+staff/student users with role-based permissions.
 - Automated daily system backups and implemented recovery protocols to ensure data continuity.
- **Technical Infrastructure Support**
 - Configured and maintained workstations, servers, and network equipment supporting campus-wide operations.
 - Resolved complex hardware/software issues through systematic troubleshooting methodologies.
- **Process Optimization**
 - Developed standardized procedures for account provisioning and system access controls.
 - Created user training materials to improve adoption of academic management systems.

OFFICE OF THE DISTRICT COMMISSIONER
MOGODITSHANE/THAMAGA

TEMPORARY COMPUTER TECHNICIAN | AUGUST 2019 – AUGUST 2020

- **End-User Systems Management**
 - Deployed and maintained 23+ workstations with standardized hardware/software configurations.
 - Diagnosed and resolved system failures across Windows environments and peripheral devices.
- **Network Infrastructure Support**
 - Monitored and optimized local area network performance for government office operations.
 - Implemented basic security protocols for workstation and data protection.
- **Technical Documentation**
 - Developed clear system operation manuals and troubleshooting guides for non-technical staff.

TETELO KARABO KEONTSE

SOFTWARE ENGINEER CANDIDATE | SYSTEMS & INTEGRATION SPECIALIST

📍 PO Box 388, Shashe 📞 74602164 / 75861674 ✉ karabokeontse@gmail.com 👤 Next of Kin: 72309607 / 71690009

CORE TECH SKILLS:

Java / C#

MS SQL Server

PowerShell Scripting

System Integration

Database Design

API Support

👤 PROFESSIONAL PROFILE

Resourceful and technically grounded IT professional with over 5 years of experience in system administration, database management, and technical support. Seeking to leverage a strong foundation in **backend logic (SQL, C#)**, **scripting automation (PowerShell)**, and **system integration** to transition into the Software Engineer role at Orange Botswana. Proven ability to troubleshoot complex system issues, manage database integrity, and collaborate with cross-functional teams to deliver reliable technical solutions.

🛠️ PROFESSIONAL EXPERIENCE

Data Clerk / Data Management Assistant | **DHMT**

Jul 2024 - Jul 2025

- Maintained data integrity for critical health management systems, performing regular **SQL-based data validation** and cleanup to ensure accuracy for reporting.
- Collaborated with technical teams to troubleshoot database connectivity issues and ensure high availability of the Electronic Health Record (EHR) system.
- Generated complex reports for management, translating raw data into actionable insights for operational decision-making.

IT Officer | **Ministry of Basic Education**

Oct 2022 - Feb 2024

- Administered the **Government Accounting and Budgeting System (GABS)**, ensuring backend stability and database performance for financial operations.
- Developed and deployed **PowerShell scripts** to automate routine user provisioning tasks, reducing manual workload and minimizing human error.
- Supported network and system integration projects across 18 district offices, ensuring seamless data flow and application connectivity.

IT Officer | **Masunga Senior Secondary School**

Apr 2022 - Oct 2022

- Managed the **ed-admin database system**, overseeing backend configuration, user access controls, and data security protocols.
- Implemented automated backup solutions and tested disaster recovery procedures to safeguard critical academic data.
- Provided technical support and training to staff, bridging the gap between complex system functionality and end-user requirements.

Temporary Computer Technician | **District Commissioner (Mogoditshane)**

Aug 2019 - Aug 2020

- Deployed and configured hardware and software solutions, ensuring compatibility and optimal performance for 23+ workstations.
- Diagnosed and resolved hardware/software faults, applying systematic troubleshooting methodologies to minimize downtime.

Curriculum Vitae

IT Systems & Data Administrator (Health & Education)

PROFESSIONAL PROFILE

IT professional with proven experience maintaining critical systems in government and education sectors. Skilled in **network security**, **database administration**, and developing technical solutions that meet institutional compliance standards. Committed to reliable IT service delivery, particularly in a college environment.

INSTITUTIONAL EXPERIENCE

Temporary Data Clerk
Department of Health Management Team (DHMT)
Jul 2024 - Jul 2025

- Processed and validated high-volume data flows across multiple clinics using specialized database systems.
- Maintained strict compliance with **Botswana Data Protection Act** standards for sensitive records.
- Coordinated cross-departmental data reconciliation between administrative and clinical teams.
- Developed **Excel-based tools** to streamline data verification processes.

IT Officer
Ministry of Basic Education (Masunga Sub-Region)
Oct 2022 - Feb 2024

- Administered the **Government Accounting and Budgeting System (GABS)**, ensuring 24/7 availability for education financial operations.
- Designed and implemented **role-based access controls** for sensitive financial data across multiple district offices.
- Configured and maintained Cisco-based networks with **VLAN segmentation** to secure sensitive data.
- Developed **PowerShell scripts** to automate user provisioning and system administration tasks.

IT Officer
Masunga Senior Secondary School
Apr 2022 - Oct 2022

- Administered the **ed-admin database system** for over 400 staff and student users, including system backups and recovery protocols.
- Resolved complex hardware/software issues and provided training for staff on academic systems.
- Developed procedural documentation and user guides to improve adoption of technical systems.

Temporary Computer Technician
Office of the District Commissioner (Mogoditshane)
Aug 2019 - Aug 2020

- Deployed and maintained workstations with standardized hardware/software configurations.
- Monitored and optimized local area network performance for government office operations.
- Developed system operation manuals and troubleshooting guides for non-technical staff.
